RESPONSE TO RESTRICTION REQUIREMENT AND PRELIMINARY AMENDMENT

Sir:

Restriction Requirement. In response to the Examiner's requirement for an election of species, mailed November 4, 2002, in the above-identified patent application, Applicant elects Species II: Claims 2-6 and 18-22, with traverse.

Species II. First of all, Claims 2-6 of the elected Species II do <u>not</u> recite the limitation of "an oxidizing ambient." Rather, Claims 18-22 of Species II recite the step of "annealing the dielectric layer in an oxidizing ambient." The Examiner has erroneously read a limitation into Claims 2-6.
